

Exercise 7A Bar Graphs

Solve the following problems. Show your workings clearly.

1. The table shows the number of storybooks read by four friends during a school holiday.

| Name | Number of storybooks |
|-------|----------------------|
| Eddie | 12 |
| Frank | 16 |
| Giada | 10 |
| Helen | 18 |

Use the information to complete the bar graph below.
