

Unit 1 Numbers to 10

Thinking Activity 1

'Two' is formed by 3 letters, not 2 letters.

'Eight' is formed by 5 letters, not 8 letters.

Which number word is formed by the same number of letters as the number itself?

Put a tick (✓) for the correct statement(s).

☐ 'Seven' is formed by the same number of letters as the number itself.

☐ 'Four' is formed by the same number of letters as the number itself.
